Introduction

- The easiest structure to have is an “itemize”.
- Of course you can do a bit of creativity here,
 - Like *this*!
- And add more and more and more and more.
- And even **more**.
- Plus some very very important formula,

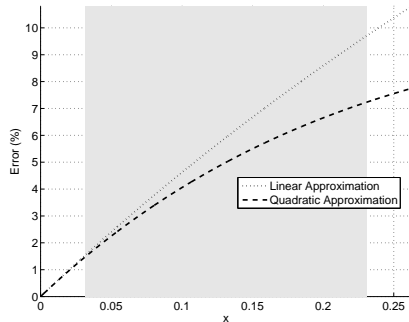

$$1 + 1 + 1 + -1 = 2.$$

- More....

The Approximations

Relative Error

This is something very important...

- Stuff the world would collapse if people fail to understand.
- More *stuff*.
